Dear Hugh and Linda:

On behalf of all "downeast" aviation enthusiasts, I wish to express my sincerest appreciation for your assistance during our 1988 Aviation Days Celebration.

Although we were hampered by threatening weather, this year's event attracted over 22,000 visitors to the Marine Corps' largest Air Station.

Your highly professional broadcast talents were indeed instrumental and significantly important to the overall atmosphere at this year's event. I sincerely appreciate the assistance and guidance which you provided to the Air Show Coordinator throughout the weekend and look forward to your many future appearances here at the Marine Corps' largest Air Station.

Sincerely,

JAMES M. MEAD  
Brigadier General, U.S. Marine Corps  
Commander
