Dear Hugh:

Well - once again the dust has settled and the crowds have gone home with stories to tell their friends about their day at Airshow 81.

Once again, I feel an inadequacy of words to express our thanks for your excellent handling of the show's events and the hard work we know it entails.

Once again any compensation for your efforts and expertise would be inadequate to the purpose - however please accept the enclosed check for a job well done.

Warmest personal regards,

Stanley E. Frie
