Dear Hugh:

Despite the horrendous clamor by competing events for audiences and spectators in the Myrtle Beach area on May 15th, "Airshow 82" was a tremendous success drawing over 3,000 attendees.

This success is recognizably attributable to the polished efforts of accomplished professionals such as yourself. Your contribution this year was truly exceptional.

We do plan some major revampments in developing next years show and format and hope you will once again join us in "Airshow 83".

Warmest regards,

Stanley E. Frie
