Dear Hugh and Linda

Words can not express my thanks to you and your son for your support and professional contributions to the Pope AFB-Ft Bragg Open House on 16 April 1989. You were the ones that brought personality to our Open House, and told the joint Air Force-Army story so well. This is what our Open House was about, and that is what the public went away with.

Once again, our appreciation cannot be expressed in words. I hope you can find the time next year to help with one of North Carolina's premiere events, the Pope AFB-Ft Bragg Open House.

Sincerely
