Hugh

First, let me apologize for taking so long to get your FAA book back to you. The week after the open house we had an exercise and the next week I spent on emergency leave. Regardless, I wanted to personally thank you, your wife and son for the outstanding support you rendered at the air show.

You and your family were a godsend and we certainly would not have had nearly the professional product without your expertise, knowledge and talent. Although the crowd was small by some standards everyone enjoyed themselves, and we are already anticipating a huge crowd next year for our 50th Anniversary as well as a flying demonstration by the Air Force Thunderbirds.

In that vein, I'd like to ask you to consider helping us out again next year. The show date is 18 May 91. With the professional aerial demonstration team, we expect a tremendous jump in total attendance as well as more fanfare both before and after the actual demonstration. I'd recommend that if you elect to come down, you plan on arriving two or three days early. We can work out the details at a later date.

Thanks again for your help! We couldn't have proceeded quite so smartly without your expertise!

Regards

A handwritten signature in dark ink, appearing to read "S. B. Davis", is written over the typed name.

STEWART B. DAVIS, Colonel, USAF  
Deputy Commander
